Holy Family Halewood Year 1 & 2 Science Habitats

Learning Objectives:

- To explore and compare the difference between things that are living, dead, & things that have never been alive
- To understand that living things need to live in suitable habitats
- To be able to explore and describe a micro-habitat.
- To explore simple food chains in a habitat
- To notice that animals, including humans, have offspring which grow into adults

A Simple Food Chain:

Plants → Caterpillar → Mouse → Owl

MRS GREN: (Living Things)

Movement

Respiration

Sensitivity

Growth

Reproduction

Excretion

Nutrition

Habitats: (These animals are suited to these habitats)

Pond

Frog

Desert

Camel

Sea

Whale

Arctic

Polar Bear

Different Types of Offspring:
