

## Learning Objectives

- To be able to draw a picture from observation, looking closely at details to be able to interpret them accurately
- To compose a print from a larger observational drawing
- To transform the look of a building in the style of the artist Hundertwasser
- To design a building in an architectural style, drawing a perspective view, and a plan view or front elevation
- To design a monument to symbolise a person or event

## An Architect that I will study:

### Friedensreich Hundertwasser

An Austrian-born modern artist and architect. Hundertwasser became known for designing buildings, but he also created stamps, painted, designed posters, and other works.

## Key Facts and knowledge I will acquire:

**An architectural style:** refers to the features that make a building historically identifiable, such as the shape, materials used and methods of construction.

**First hand drawings:** are drawn from life, not from pictures.

**A perspective view:** is a 3D image that shows height, width, and depth.

**A plan view:** is a birds eye drawing from above.

**Front elevation:** is the view you would see if you were standing on the ground, looking directly at the object.

**Modern buildings:** are buildings which have been designed and built recently.

**Traditional design:** are an older more classic design.

**The interior** of a building is the inside.

**The exterior** of a building is the outside.

**A memorial building** is a building which is made in memory of a famous person or event.

**Materials Used:** ink, pencils, oil pastels
